ammarameeraahmad@mail.ugm.ac.id

PROFILE

An Electrical Engineering student at Universitas Gadjah Mada with expertise in electronics and the Internet of Things (IoT). Possesses programming skills in C++, Python, with experience using the Arduino IDE. Known for being creative and innovative in designing solutions, as well as meticulous when tackling technical challenges. Interested in interdisciplinary collaborative projects as a key strength in the development of both academic and non-academic projects.

SKILLS

Technical Skills

- Programming Languages: C++ and Python
- Embedded Systems: Microcontrollers
- Circuit Design: KiCad
- Robotics Tools: ROS and Webots
- CAD Software: Autodesk Inventor
- Version Control: Git & GitHub (Intermediate)
- Design & Content Editing: Canva, CapCut, and WordPress

Soft Skills

- Creative and Innovative
- Communicative
- Explorative
- Critical Thinking

EXPERIENCE

Electronics – Robotic Team LPKTA 2026

Member at Electronics Robotic Team LPKTA

06/2026 – Present

Acara – Tech Innovation Paper 2026

Sub-Coordinator at Acara Tech Innovation Paper 2026

06/2026 – Present

Web Development – NightLogin 2026

Member at Website Development NightLogin 2026

05/2026 – Present

Research and Innovation – LPKTA 2026

Member at RNI LPKTA

10/2025 – Present

Media – Qurban Teknik 1447H

Sub-Coordinator at Documentation Qurtek 1447H

03/2026 – 06/2026

Perlog – Pesona Ramadhan Teknik 1447H

Staff at Perlog Pernik 1447H

11/2025 – 03/2026

EDUCATION
